

## Pop-Up Drinks Bottle

This product consists of a blow moulded PP bottle (that is heat transfer decorated) a PP lid (with screen print top), button, mouthpiece, and screw collar and a nylon carry strap with PP strap breakaway for safety. When you push the button the lid "Pops Up" and presents the straw to drink from. Please note that the screw collar does have a small hole inside to allow air into bottle whilst drinking. This will cause the product to leak a small amount if it is held upside down for a long period. When the lid is pushed close the internal silicone straw is kinked shut so that liquid can't escape through the drinking straw

Wash thoroughly before use. Hand Wash only  
Not Dishwasher or Microwave oven safe  
Do not use with fizzy/carbonated drinks  
Not suitable for children under 3 years due to small parts  
Caution! As with all items containing straps or strings,  
this item may present a strangulation hazard if misused  
Retain this label for reference  
Caution! Do not chew the stopper. Inspect prior to use.
